

# (Here They Come) From All Over the World

Jan & Dean

They're comin' from all over the world  
Hey, everybody, see 'em arrivin'  
The greatest stars you'll ever see  
Some are flyin' and some are drivin'  
From Liverpool to Tennessee  
Chuck Berry's checkin' in from St. Lou  
He's gonna sing 'Maybelline' and 'Memphis' too  
The representative from New York City  
Is Lesley Gore, now, she sure looks pretty  
Here they come from all over the world  
Here they come from all over the world  
You know the guitar's groovin' so keep it movin'  
And come on, come on, come on  
They're comin' from all over the world  
Can't you just hear everybody singin'  
The biggest sound you've ever heard  
A-clappin' and a-stompin' while the guitar's screamin'  
You better go spread the word  
Don't forget the Motor City sounds of the day  
The 'Baby Love' and Supremes and Marvin Gaye  
The king of the blues, soulful James Brown  
The Beach Boys singin', now 'I Get Around'  
Yeah, get around, round, round, I get around  
Here they come from all over the world  
Here they come from all over the world  
You know the guitar's groovin' so keep it all movin'  
And come on, come on, come on  
They're comin' from all over the world  
Those bad lookin' guys with the moppin' long hair  
The Rolling Stones from Liverpool are bound to be there  
Gerry and The Pacemakers, Billy J too  
They're all gonna be here to sing for you  
Here they come from all over the world  
Here they come from all over the world  
You know the guitar's groovin' so keep it all movin'  
And come on, come on, come on  
From all over the world, from all over the world  
From all over the world, from all over the world
