

# Watch You Burn

Greg Laswell

I'll keep things light,  
To pass the time,  
Along  
And I'll make believe,  
Earnestly,  
I'm alright,  
And you're alright I'll start You lovely fool,  
I'm proud of you,  
I heard you landed,  
On the moon  
I still see you  
I still see you  
I'll start the oven,  
And get the house warm,  
For you to land in,  
When you return.  
I'll start the oven,  
And get the house warm,  
For you to land in,  
And watch you burn. I'll take my time,  
And own what's mine,  
And sing,  
An abandoned melody,  
With all my heart  
With all my heart  
I'll start the oven,  
And get the house warm,  
For you to land in,  
When you return.  
I'll start the oven,  
And get the house warm,  
For you to land in,  
And watch you burn. And watch you  
I'll watch you I'll start the oven,  
And get the house warm,  
For you to land in,  
When you return.  
I'll start the oven,  
And get the house warm,

For you to land in,  
And watch you burn.I'll start the oven,  
And get the house warm,  
For you to land in,  
When you return.  
I'll start the oven,  
And get the house warm,  
For you to land in,  
And watch you burn.
