Jess' Song

Matthew Mole

You and I we have our fun
You speak your heart and I'd fall in love

Look at us now it's all come to this
Our father spoken and our dreams weren't missed

We'll be just fine
And we'll be alright

My lovely bride you're part me
I know that you'll make me the man God sees

I give my life and I'll always be
I'll be there for you and for all you need

Ooo
Ooo

Together we'll take on this world we see

Ooo
Ooo

We'll follow love
And you and I we'll never fall apart
Mm we are strong we are three in one

I'll tell you this now, that I'll commit myself
This kind of love is our kind of wealth

We'll be just fine
And we'll be alright
My lovely bride you're part of me

I know that you'll make me the man God sees
I give my life and I'll always be
I'll be there for you and for all you need

Ooo

Ooo

Together we'll take on this world we see

Ooo
Ooo

We'll follow love
