

We Can Make It

George Jones

We can make it
The world is rough
But we can take it
'Cause you're my shelter from the storm now
I don't need wine to keep me warm now
No temptation can ever shake our loves' foundation
We're strong enough to take it
We can make it
Now we'll say goodbye to stormy weather
Safe within each others arms
We can spend our lives together
Love has found us
And now it's chain is wrapped around us
And no one can break it
We can make it
Love has found us
And now it's chain is wrapped all around us
And no one can break it
We can make it
We can make it
