## Travis

Jean-Michel Basquiat, Francois Truffaut  
Robert Zimmerman and De Niro  
Paris, Texas, end of the world  
New York, New York, good bye, girl And they meet on Bleecker Street  
Or the Park that is Central, oh no  
I watched the sun go down  
Down, down beneath the ground  
And it's a new day, it's a new dawn  
In New Amsterdam The stranger in the moonlight  
Looks stranger in the moonlight And they meet on Bleecker Street  
Or the Park that is Central, oh no  
I watched the sun go down  
Down, down beneath the ground  
It's a new day, it's a new dawn  
In New Amsterdam And we meet on Bleecker Street  
Or the Park that is Central, oh no  
I watched the sun go down  
Down, down beneath the ground  
And it's a new day, it's a new dawn  
In New Amsterdam
