Heads or Tails

Running Wild

Liars and deceivers
We are a thorn in their side
'Cause we are insisting on our rightsFed up with their tutelage
Which we will overcome
We will stand so they will run, ohEvil machinations
For power and for wealth
They stick at nothing for themselvesSenile and restrained
They say they know what's wrong or right
True evil will never see the light, no wayHeads or tails
Which way you will choose now?
Die or live, surrender or fight?Wild and free
Together we'll stand
Strong and proud, we claim our rightsI'm a sinner and seducer
Try to put the blame on me
Don't give a fuck for the way they seeStand up and you'll win
Surrender and you'll lose
It's heads or tails, you have to chooseHeads or tails
Which way you will choose now?
Die or live, surrender or fight?Wild and free
Together we'll stand
Strong and proud, we claim our rightsHeads or tails
Which way you will choose now?
Die or live, surrender or fight?Wild and free
Together we'll stand
Strong and proud, we claim our rightsHeads or tails
Which way you will choose now?
Die or live, surrender or fight?Wild and free
Together we'll stand
Strong and proud, we claim our rightsHeads or tails
Which way you will choose now?
Die or live, surrender or fight?Wild and free
Together we'll stand
Strong and proud, we claim our rightsHeads or tails
Which way you will choose now?
Die or live, surrender or fight?Wild and free
Together we'll stand
