Tribute To A Woman

Ginuwine

You know baby, I know a lot of people are against you
All the ladies in the world
But you can do whatever you set your mind to do
Can't no one stop you, believe that, listen
It's time, now's the place, do your thing
Don't be scared, it's your world
Don't trip, shout it out, you're the bomb
Don't be scared, it's your world
I can't begin to feel the agony, I know you feel
I'm tryin' to break you out of that mold that once was real
But you're grown up and now it's time to let go all your fears
It's time for you to go, it's time for you to live
You've been under your parents but they can't live for you
You got to go and do what's best for you
Make your decisions and live by them and sweat and bleed
You must struggle to be you even when you're in need
It's time, now's the place, do your thing
Don't be scared, it's your world
Don't trip, shout it out, you're the bomb
Don't be scared, it's your world
I know you expecting help but get out there out on your own
Then you'll appreciate all that you have and all you own
And that no one out there can never ever take from you
Do you and all that's expected and you will break right through
This world, this crazy crazy world
This cold and harsh world, this cruel and foul world
But now you're proud and all grown up and sure a woman now
And you'll stand up looking ahead, feeling so proud
It's time, now's the place, do your thing

Don't be scared, it's your world
Don't trip, shout it out, you're the bomb
Don't be scared, it's your world
It's time, now's the place, do your thing
Don't be scared, it's your world
Don't trip, shout it out, you're the bomb
Don't be scared, it's your world
You can't be held down
You can't be, you can't be held down, no you can't

No one can stop you know
I know the struggle's hard but you gotta keep fighting
Gotta keep going on, baby
I know you get tired of the bull
I know you get tired of the bull, you wake up everyday
And it seems you can't go on, oh baby
All you gotta do is stick in there, everything will be okay
It's time, now's the place, do your thing
Don't be scared, it's your world
Don't trip, shout it out, you're the bomb
Don't be scared, it's your world
It's time, now's the place, do your thing
Don't be scared, it's your world
Don't trip, shout it out, you're the bomb
Don't be scared, it's your world
It's time, now's the place, do your thing
Don't be scared it's your world
Don't trip, shout it out, you're the bomb
Don't be scared, it's your world
