Let Go

Redrama

Yeah, let go-o-oouSitting in my cubicle in down slow
What I got to do I do what I'm told
I'm smiling at the customer with my balls
It really could suck my world you don't pauseBut I got rent to pay, I got bills
Thinking that we can waste first day
Feeling as if get the feel I must run
Waiting for summer, winter, when will it comeOn Monday, I take it one day, I'mma catch a plane and take it one way
And then I just breath in
And then breath outOn Tuesday, that's when I pray
that my brother could see me through sun rays
And then I just breath in
And then breath outOh when, when I think about it
Ain't nothing to think about
Let go, let go, let go, let go
My, my feet left the ground and no way I'm coming down
Let go, let go, let go, let go
I had to let go, let go
Let go, let go o-ou
Let go, let go
Let go, let go ou-ouWhy do I even bother with this dum job
What if I was to rob a bank and just drop
Trying to keep my carma sink in my thoughts
You were my everything to win but I lost
All the memories keep playing in my head
Will I ever see that woman again
'Cause I remember every moment so real
So if I gotta swim the ocean I willThat was Wednesday, stressed in the rain
Thinking the whole world must be against me
And then I just breath in
And then breath out???Oh when, when I think about it
Ain't nothing to think about
Let go, let go, let go, let go
My, my feet left the ground and no way I'm coming down
Let go, let go, let go, let go
I had to let go, let go
Let go, let go o-ou
Let go, let go
Let go, let go ou-ou(Listen, listen)

What if I got a plan and what if it don't work
What if I had my chance
What if I sit back what if I just wait
What if I relapse, what if I just taste
What if I get cancer running my family
What if I didn't get answer god must be mad at me
What did I do wrong what did keep them waiting
What if I had a new song what if they all hated
What about my nephew growing without a father
He's caught in the middle and I acted modern
Heard from no friend
Would it be credible if I told he was in jail
What if I don't care what they think and I really mean it
What if I did learn from mistakes and never repeat them
Living in the future, carrying no past
Don't wanna be hearing me lying, don't askOh when, when I think about it
Ain't nothing to think about
Let go, let go, let go, let go
My, my feet left the ground and no way I'm coming down
Let go, let go, let go, let go
I had to let go, let go
Let go, let go o-ou
Let go, let go
Let go, let go ou-ou
