

Rainbow Valley

Steve Ellis's Love Affair

I'm heading home again 'cause it still seems I don't fit in
And the world ain't all I thought that it would be
From this hill I'm looking down on that friendly town
There's a place I know that's paradise to me

The sun always shines down in my Rainbow Valley
There's one that's always mine down in my Rainbow Valley
You can love and share a dream beside that crystal stream
Lead me where the rainbows end in our valley

The birds'™ sweetest song comes from my Rainbow Valley
They sing the whole year long down in my Rainbow Valley
The flowers speak to me and say our love should be
Heaven, oh sweet music flows from our valley

I'll never leave, I belong in Rainbow Valley
For life to love is free, there's no wrong in Rainbow Valley
Whenever we can fly through the cotton candy sky
So lead me where the rainbow ends in our valley

The sun always shines down in my Rainbow Valley
There's one who's always mine down in my Rainbow Valley
And I'll never leave, I belong in Rainbow Valley
