End To End

Blondie

Just when our number's up
You smashed the loving cup
It spills out everywhere
It simply isn't fair
We lit up fire flies
We kissed on New Years Night
We changed the century
All those romantic things
We changed the light to low
It made our spirits glow
If it were up to me
I'd never let you go
So if by chance, you should agree
Ooh, tonight, we keep it real
Tonight we put an end to the end
And just go on and on
We wrote our name in lights
Made music every night
Heat waves and rhapsody
Burn in my memory
We changed the light to low
It made our spirits glow
If it were up to me
I'd never let you go
So if by chance, you should agree
Ooh, tonight, we keep it real
Tonight we put an end to the end
And just go on and on
Tonight we put an end to the end
And just go on and on
Tonight we put an end to the end
And just go on and on, on and on and on
And on and on and on to the end, the end, the end
We try to put the end to end, to end, end the end
End to the end, the end, the end, the end
End to end, end to end
