

# I'm a Shy Guy

Nat "King" Cole

I'm just a shy guy  
My, my 'fraid to try guy  
No lie, there's a gal that I idolize  
But I just can't get my words to hypnotize  
And when she pets me  
You betcha, it gets me  
And yet every time I hold her hand  
I'm just too shy to say the things I plan  
Every time she's close to me  
My heart is filled with ecstasy  
And like a dope  
I let the chance slip by  
There, I should have told her then  
But all I did was sit and grin  
And I ended up so mad  
That I could cry 'Cause I'm a shy guy  
Wish I was a sly guy  
Then I could say, "Baby, baby, I love you"  
Just like those guys in movin' pictures all do  
I'm just a shy guy  
Wish I was a sly guy  
Then I could say, "Baby, baby, I love you"  
Just like those guys in movin' pictures all do
