

Lay Down the Law

[Gotthard](#)

Everybody's Into The Race
For A Piece Of The Action
Holding On Illusions
Where Money Rules The World Travellin' At Speed O' Light
To Self Made Destruction
Another Mr. Nice Talk
Sure's Gonna Change It All As Long As I Can Roll All The Dice
I Keep On Playing
Knock On Wood
And Even In The Darkest Of Hours
Someone's Watching Over You Lay Down The Law No You Can't Keep The Rain
From Falling Down On Your Head
Gotta Play By The Rules;
Rules That Some Others Have Set But Don't You Ever Let Your Dreams
To Be Taken Forever
Beware Of What You See
That's Not Always What You Get As Long As I Can.....
