

Leave Me Alone

Snoop Dogg

Yo, uh huh, I'ma try somethin' different on this right here
But I know y'all gon' feel it 'cause I know y'all feel me
It's some real shit right here, y'knahmsayin?
I ain't never did it like this before, check this out I'm the kind of G that everybody knows
But I'm so low key, when it comes to hoes
I never break the rules and that's just how it goes
All my friends and foes, know that's just how it goes I can flip the script but I chose not to this time
There's so much to say with so little time, but I like it
I'm gon' dip dive socialize and get high
I wish my people had, other ways I'm thankful, that a brother's paid
But how can I be happy? My hair is still nappy
I miss my grand pappy
I wanna do right but the world is wrong that's why I'm singin' this song I'm tryin' to stack a dollar pop my
collar while I'm singin' my song
Y'all niggaz better leave me alone, I think y'all betta leave me alone
I'm tryin' to stack a dollar pop my collar while I'm singin' my song
You bitches better leave me alone, I think y'all betta leave me alone There's so much goin' on out there in the
world today
All these ladies, players, gangsters and suckers
I get caught up sometimes, some of the people I hang with
They turn out to be snitches, bitches, yeah, they switches But you know like I know I can't stop doin', what I got
to do
I'ma keep doin' what I got to do, y'know
Everywhere I go, the game is the same
People lookin' at me want me to say somethin' Want me to do somethin', but I don't know nuttin'
If I ain't gettin' paid, I can't drop no rhymes
I can't do nothin' for you no mo'
I ain't got that kinda time and they know I'm tryin' to stack a dollar pop my collar while I'm singin' my song
Y'all niggaz better leave me alone, I think y'all betta leave me alone
I'm tryin' to stack a dollar pop my collar while I'm singin' my song
You bitches better leave me alone, I think y'all betta leave me alone I try to be to myself, and try to stay away
from the world
But the world just keeps runnin' after me
I try to shield myself away from all the wickedness
But somehow, the wickedness is in my circle, what am I to do? I try to ask God to help me get through this
What am I to do to this? Just do this, let's do this
So I, continue to mash, day by day
I continue to play, play by play And I continue to spit my manuscript
And say what I want to say

And I do it to ya everyday I'm tryin' to stack a dollar pop my collar while I'm singin' my song
Y'all niggaz better leave me alone, I think y'all betta leave me alone
I'm tryin' to stack a dollar pop my collar while I'm singin' my song
You bitches better leave me alone, I think y'all betta leave me alone Leave me alone, I think you better leave me
alone
Leave me alone, leave me alone, better leave me alone
If it don't pay you wrong, leave me alone
I think you better leave me alone, leave me alone
Leave me alone, leave me alone
If it don't pay you wrong
