

Second Guess (Facing Changes Version)

Hangnail

It's amazing, when I think that everything we had
Is disappearing, I never thought freedom could be so bad
Were you thinking of the future still ahead?
And are you thinking of everything you said? And it seems I'm alright, every time we talk about it
I'm holding out inside, you really think it's right How could this go wrong, when everything sat perfect in its
place?
And how could this end up, another dream that's fallen on its face?
What could I have done, what can be done to change your mind?
And is it worth trying, or is it just a waste of time? And it seems I'm alright, every time we talk about it
I'm holding out inside, you really think it's fine, it's not my fault
