

Fabulous Life

Mya

Fabulous
That fabulous life
Fabulous,
That fabulous life Tell me can you feel it baby? Let's do this
Because the weekend is here
Let's do it ... there's nothing unto it
Party all night, under the moonlight
With my beautiful people, we're looking so fine Ooh-we
Guess it comes so naturally
I'ma keep it rocking
WE'RE YOUNG AND FEELING SO FREE
Stop stoppin my fever
This is my song
So DJ turn up the fader Livin', Dancin'
Lights, camera ACTION
It's alright
It's a fabulous life All eyes are on me
I'm shinin', I'm throwing
Just like a diamond
go down tonight,
it's a fabulous life Throw OUR hands in the air
, to the ceiling, we gonna have a hell of a time,
it's a fabulous, fabulous life **TELL ME CAN YOU HEAR IT BABY**
it sounds so amazing
Everybody's going crazy,
let's do this, now lose it
Party all night, under the moonlight
With my glamorous people
We're looking so fine You know you want now get out your seat,
You know you can't just resist the beat
Come on now live it up cuz it's a fabulous life
You know you want now get out your seat,
You know you can't just resist the beat
So let's live it up baby it's a fabulous life Uh, we guess it comes so naturally, I'ma keep it rocking, we're young
and feeling so free, tonight
Uh, we guess it comes so naturally, I'ma keep it rocking, we're young and feeling so free Stop stoppin my fever
This is my song
So DJ turn up the fader
Livin', Dancin'

Lights, camera ACTION

It's alright

It's a fabulous life

Throw your hands in the air, to the ceiling, we gonna have a hell of a time, it's a fabulous, fabulous life
We came to party else we came to celebrate, oh

That means that you can find me right here on the dance floor

Give me some bass & treble, I'm on another level

We came to party yes we came to celebrate now ALL AROUND THE WORLD (yeah) we gonna make some
noise

This is for my fabulous girls and boys

Get lost in the music, we don't have a choice,

On one, two, three, scream it's a fabulous life Stop stoppin my fever

This is my song

So DJ turn up the fader

Livin', Dancin'

Lights, camera ACTION

It's alright

It's a fabulous life

All eyes are on me

I'm shinin', I'm throwing

Just like a diamond

go down tonight,

it's a fabulous life

Throw our hands in the air, to the ceiling,

We're gonna have a hell of a time, it's a fabulous, fabulous life Stop stoppin my fever

This is my song

So DJ turn up the fader

Livin', Dancin'

Lights, camera ACTION

It's alright

It's a fabulous life

All eyes are on me

I'm shinin', It's a fabulous life.
