New Crown

Wolfmother

Jumped up and went for a ride
Took her love and went inside
Hey mister can you tell me something
Can you tell me where to residCan you tell me where to find this new crownThen a time came to pass
I found a place I could be at last
All things known to all
Kingdom come and kingdom fallCan you tell me where to find this new crownHer Majesty is inside
Where nobody else could ever hide
It's up to you to decide
Change is coming with the tideCan you tell me where to find this new crown
Crown, where can it be found
Crown, where can it be found
I see your crown, where can it be found
