

Surrender

Die Happy

Something has happened
Deep underneath my heart
I didn't notice first
Then it hit me hard
Felt like the little prince
As he met the Earth
Nothing compares to
Our innocence at birthSurrender

Take it all

Love you more

Never leave you

Please believe me

You're at home

You belong right here

Surrender

Ice is breaking

Earth shaking

No maybe

No

Please believe me

You're at home

You belong right hereSomething has happened

Late one November night

The darkness has grabbed me

Under its starlit sky

Seed to a plant

A plant to a strong tall tree

I can't consider no other way

For theeSurrender

Take it all

Love you more

Never leave you

Please believe me

You're at home

You belong right here

Surrender

Ice is breaking

Earth shaking

No maybe

No
Please believe me
You're at home
You belong right here I am painting purple skies
Home made paradise
There's nothing I want more
Than you
Celebrate the sun
And the tears that came along
There's nothing I want more
Than your love Surrender
Take it all
Love you more
Never leave you
Please believe me
You're at home
You belong right here
Surrender
Ice is breaking
Earth shaking
No maybe
No
Please believe me
You're at home
You belong right here
