

Blisters

Slapshock

i must break down,
while your dancing in the fire,
(so i'm burning down the place again)
i'm screaming out,
while the waters getting higher,
(so i'm drowning in this place again)

REFRAIN

sometimes the sickness is fading with (you)

CHORUS

i'm tired of explaining,
the words i've been saying,
can you hear me?,
can you feel me?,

i'm sick of explaining,
the words i've been saying,
can you hear me?,
can you bring me to the end...

i went too far,
too far, to what i desire,
(now it's hunting me back again)
my promises is fading in the water,
(things will never be the same)

REPEAT REFRAIN AND CHORUS

REPEAT CHORUS 2x
