

No Time to Waste

Hezekiah Walker

No time to be worried about
So called friends who's not around
No time to be worried about
Gossipers that pull you down
No time to be worried about
The whose the who's and what they do
No time to be worried about
Finding things you know the truth There's no time to waste
Get your business straight You gotta be ready, ready, ready when He comes
Be ready, ready, ready when He comes
There's no time, no time to waste [Repeat From Top] [Vamp 1]
You gotta be ready, ready, ready when He comes
Be ready, ready, ready when He comes [Repeat] [Vamp 2]
Get your house in order
For He's coming
Back again [Repeat] There's no time, no time to waste [2 x's]
There's no time, no time, no time to waste.
