Salt In The Sea

House Of Heroes

Here's to wasted time
Here's to wasted time
Watching the tree's swaying in the breeze
The corners of my mind
The corners of my mind
Are folding to meet like a secret that you keep
Chorus:
I'm here until you crash into me, I'm
Here until you crash into me, I'm
Softened by the salt of the sea
I'm alive
And you are everything
Verse:

Here's to yours and mine
Here's to yours and mine
Everything, everything we dream
Here's to what's gone by
Here's to time, it flies
Fly by the sea. A sea of shimmering green.
Repeat Chorus:
Until I became one with the salt in the sea
I will stand up straight and let you roll right into me
Until I became one with everything I dream
I will give you praise
Praise eternally.
