Sweet Revenge

BarlowGirl

Did You see that I was hurt? Did You know that You had left me crying there? Now Im holding all Your words Close till You feel this pain too, yeahYou live on so unaware While I thought somehow this hate would heal me But this hate is never ending and its only killing me Oh, sweet revenge, you lied againI find I cant get free Till I release this vengeance that I seek Forgive You, the only thing I wanna live, Im ready to be free, to be freeMaybe Youve been wounded too Maybe all this is Your self protection And all the hurts You thought were hidden Are the ones now hurting me So, who will make this patter end? I find I cant get free Till I release this vengeance that I seek Forgive You, the only thing I wanna live, Im ready toBreak these chains Wont see this through Cause setting You free Will mean my freedom too, freedom too, ohI find I cant get free Till I release this vengeance that I seek Forgive You, the only thing I wanna live, Im ready to be free, to be free
