## Tomahawk

Basic principles of hand-to-hand combat

1. Be aggressive
2. Keep your eyes on the opponent
3. Distract the opponent
4. Disable or be disabled

I see what you do  
I keep on my way

I'll see what you'll be

What you'll do

5. Vary the attack to fit the situation
6. Turn the defense into an unrelenting attack

7. Feel superior to the opponent

Regardless of the latter's size or evidence of strength  
I see what you do

I keep on my way

I'll see what you'll be

What you'll do
