

Rhinoceros

Smashing Pumpkins

Planned a show
Trees and balloons
Ice cream snow
See you in June

Could have known
I would reveal
Should have known
I would conceal your way

She knows, she knows, she knows
She knows, she knows, she knows
How's it
She knows, she knows, she knows

Colors show
After the moon
I should go
See you in June
Your way

Open your eyes
To these must I lie?
