

# Wicked Pussycat

[Danzig](#)

Enter those eyes split back opals  
There within Eros is manifest  
Dark and light soul sworn to no one  
Both it's your game and you know it I like you lots now, I like you better  
Walking your cat-girls in leashes and leather  
I watch you curl up into a circle  
Symbol of eternity, wicked pussycat My fall is starting Six foot pussycat, I like the way you swing your tail  
Big black witch cat, yes, you cast a real strong spell  
Feline succubus, got your fangs inside her throat  
Wicked pussycat, got your girl-slaves all in tow
