

# Hot N' Nasty

## Humble Pie

Find it  
Who that?  
Mercy  
Who that sayin' mercy? So hot 'n' nasty  
Oh, hey Joe, don't forget to shake it  
While you sleepin' on that bed  
You know it really makes it Look at me shake a leg, oh  
I got my head in a cloud  
I'm gonna stand out in the crowd I wanna sing out loud  
Ooh, got to do it with the feelin'  
Now you gonna hit the ceiling Do you get the message?  
Do you get the message?  
Do you get the message? Hey boogaloo, I really love you  
Look what you've done to my head  
Take all my time, take all my money  
But most of all you take all my bread Oh, I got my head in a cloud  
I wanna sing it loud  
I'm gonna stand out in the crowd You got to do it with the feelin'  
Well, you gonna hit the ceiling Do you get the message?  
Do you get the message?  
Do you get the message? Don't forget to shake that thing  
Do it with the feelin'  
Then you gonna, then you gonna hit the ceiling Hot 'n' nasty, hot 'n' nasty  
It's hot 'n' nasty, so hot 'n' nasty  
So hot 'n' nasty
