

# Scream In Pain

## Aerosmith

It's deep insignus  
That knows me well  
It's all around me  
My mind can tell And all the children  
They know my name  
They scream forever  
I know the pain Oh, feel the pain  
Oh, feel the pain  
Oh, feel the pain  
Oh, feel the pain It's a sleep insignus  
That knows me well  
She's got the fever  
She's hot as hell And all the children  
They know my name  
When night is coming  
They'll scream in pain Oh, scream in pain  
Oh, scream in pain  
Oh, scream in pain  
Oh, scream in pain Yayaya...
