Texico Bitches

Broken Social Scene

Texico bitches, have you begun again?
Texico bitches, I think you found a friend
Texico bitches, the air you breathe is real
Texico bitches, why do you like to steal?I wanna be fair
Like a wanna be fagTexico bitches, this town is going down
Texico bitches, I hope you stick around
Texico bitches, the guns beneath the youth
Texico bitches, this story needs some truthI wanna be fair
Like a wanna be fag
I wanna be fair
Like a wanna be flagTexico bitches, the light is coming in
Texico bitches, I think we're bound to win
Texico bitches, my weapon is my truce
Texico bitches, I do not like to loseI wanna be fair
Like a wanna be fag
I wanna be fair
Like a wanna be fag
