Case Sealed

Mixed Solution

Case Sealed
Â© Mixed Solution 2009
written by: Milmoe, Schneider

yeah
yeah
know u hear that
get real real quik
yo

INTRO:
put em up
throw em up
put ur hands in the sky
come on put em high

VERSE 1:

we rip the rythm we ridein rollin we sittin high
enless cycle round the record let the time fly
watch the needle glide
watch the people fry
the devil is stuck inside
why hide spittin fire is all i know
what i need to grow
watch it acheive
gotta wipe it off my sleave
i need this to breath
wit the music
whenever i hear it i cant refuse it
im gonna lose it
an el and note pad can soothe it
a room full of crates vynl stcked to the ceilin
rotation never ends
i cant fight the feelin
im kneelin
im prayin for this record deal
with envelope enclose
case sealed

HOOK:

put em up put em up
throw em up throw em up
put ya hands in the sky
wave em high
come on and throw em up throw em up
throw em up throw em up
put em up put em up
put ur hands in the sky
put em high
carolina is how i stay fly

VERSE 2:

we get it crackin like a broken bat and
puttin kackalack
up on the map
im spittin facts but no fiction
blend wit tradition
hear a beat stop look and listen
play it smooth like a placid lake
we glisten
and not to mention
we grab ur attention
and the crowd seems to quiet down
like detention
focused on the movement of the music and the vocalist
hopin that it gets
deep as the abyss
or the roots of a tree
eventually eroded free
tranquility
is takin over your body and nobody knows
the roads that we chose
talent as it grows
so valient it arose
from the steps to the depths of dreams
so concealed and compact steady bustin at the seams
ready radlein the beams
always flowin up the stream
always blowin off some steam
keepin it rowin make the cream baby

HOOK:

put em up put em up
throw em up throw em up
put ya hands in the sky
wave em high
come on and throw em up throw em up
throw em up throw em up
put em up put em up
put ur hands in the sky
put em high
carolina is how i stay fly
