

Cherry Red Wine

Luther Allison

Watching you babe
Watching you all the time

Watching you baby
Just watching you all the time

Watching you destroy yourself woman
All you do is sit around drinking wine

You worry me babe
I'm sitting here wondering what in the world can I do

Worry me babe
I'm sitting wondering what in the world can I do

We've got so much to live for darling
But I just can't sit here doing nothing and watching that wine destroy you

I'm talking you to the doctor darling
Maybe the doctor knows what's going on in your head

Yeah I'm taking you to the doctor darling
Maybe he knows what's going on in your head

You're gonna keep on drinking that bad wine baby
Even the grass that grows on your grave will be cherry red
