

Christmas Everyday

The Temptations

Hey, hey, hey, hey, hey
Ah ha; hoo!
Now that it Christmas time
And if you say you would be mine,
It would be Christmas every day.
And baby Iâ€™m in love in you,
And if you say you love me too,
It would be Christmas everyday.

What a lovely Christmas!
Christmas in the winter time
A when the snow falls on the ground.
I said Christmas, Christmas in the summer time
If I had you around.
Christmas in the spring time
And baby that ainâ€™t all:
If I had you to say you love me too
It would be Christmas even in the fall.

I wrote and told Santa Claus I needed you because it would Christmas everyday
And I would have the Christmas spirit all though the year
It would be Christmas everyday.

Christmas everyday!
Everyday would be Christmas
Christmas everyday!
Lady if I had you.
Christmas everyday!
A Christmas everyday
Christmas everyday!

I wrote and told Santa Claus I needed you because it would Christmas everyday.
And I would have that Christmas spirit all though the year;
It would be Christmas everyday.

Christmas, Christmas in the winter time,
When the snow falls on the ground
What a lovely Christmas
Christmas in the summer time
A when itâ€™s hot weâ€™ll still have fun

A lovely Christmas
Christmas in the spring time!
When the little birdies sing you got me walking got me talking â€™bout Christmas
Christmas in the fall time!
I got that Christmas spirit.
Everyday, everyday!
Christmas everyday!
Everyday
Christmas everyday!
Everyday, everyday!
Christmas everyday!
Everyday
