Don't make me, don't make me, don't make meHave you seen the center spread Stitched up like a baseball head? She was dead before they raped her Now she's in the funny paperPity and sin, he's breaking in I am so sleepy, please don't rape me Me, me, penis I seeDid you ever want to be obscene? In a Muerto magazine Filled with hate, you hope to ween Fight the beast and leave the cream, leave the sceneIt's so easy to be the latest atrocity But it always seems to be a penis that I see You'd be surprised to discover, my level of empathy I've gone from prey to victim, penis in meHave you seen the center spread Stitched up like a baseball head? She was dead before they raped her Now she's in the funny paperSplattered face mouths wordless whys Fingerprints are on the eyes In a box out back I kept her
