ghost blood

MXMS

She wants to die, wants to die
It makes me want to cry, want to cry
She is closer to than God
She holds my hand like sister, like sister

I want to raise your bones
Your Ghost...Blood
You're sinking like a stone
We go, run
I want raise your bones
Your Ghost...Blood

You have to try, have to try
To stay alive, stay alive
She's crazier than bat shit
A thousand forms of fear, of fear.

Chorus twice.
