Forget Your Life

NoMeansNo

==========

Now if
You
Feel
Like nothing
Nothing and nobody
And if
You
See
Nothing
Nothing and nobody
Forget your life
It's nothing
Now if
You
Cringe and shrink inside
But say nothing
Nothing to nobody
And if
You
Cry
But say nothing
Nothing to nobody
Forget your life
It's nothing
You're hiding
Why are you hiding
That's nothing
You're scared
What are you scared of
That's nothing
Forget your life
It's nothing
Forget it
