My Heart Cries

Karyn White

i can't get you off my mind
life has changed now you're not here, hey
whenever i think about the time
when you were mine
it brings to life so many tears
my heart cries
a river to you
help me, i'm drowning in sadness
no more lies
i'll be there for you
cause i can't take this madness
woo, woo
yeah
take my hand
say i will, say you do
cause my heart's yours forever
take a stand
do you feel like i do
oh baby let's stick together
my heart cries
a river to you
help me, i'm drowning in sadness
no more lies
i'll be there for you
cause i can't take this madness

when you're sad, i'm sad too
so sad and blue
and so lonely
when you're mad, i'm mad too
i'm mad for you
i'm mad about you
my heart cries
a river to you
help me, i'm drowning in sadness
no more lies
i'll be there for you
i can't take this madness
my hearts cries

now love is gone
i need love to carry on
life has changed
now you're not here
it brings to life so many tears
my heart cries
my love is true
take my hand
because i love you
i can't get you off my mind
let me love you till the end of time
