Crushing the Despised

Cannibal Corpse

Screwdriver repeatedly lands in his face
Gouges and hacks at the man of disgrace
Tearing off muscles from the bones of his chest
Rending his flesh with rage I've been blessedChopped off the tongue that told the lies
I spit on him and laugh while he dies
Lying there helpless I throw brick at your head
Starving for violence and now I've been fedHis blood drips from my mouth
I bit his larynx out
Biting off fingers when he tried to push me back
His blood drips from my mouthI bit his larynx out
Biting off fingers when he tried to push me back
Chopping at his face in hate, I gouge and hack
Crushing the despisedUnder my boot, I hear your bones crack
So many things that you want to take back
I won't forget and I won't forgive
Not so long as I allow you to liveChopped off the tongue that told the lies
I spit on him and laugh while he dies
Lying there helpless, I throw brick at your head
Starving for violence and now I've been fedHis blood drips from my mouth
I bit his larynx out
Biting off fingers when he tried to push me back
His blood drips from my mouthI bit his larynx out
Biting off fingers when he tried to push me back
Chopping at his face in hate, I gouge and hack
Crushing the despised
