

# U Ain't Gotta Like Me

J-Kwon

I'm gettin' sick and tired, yeah  
I'm gettin' sick and tired  
Very sick and tired, homieIf I had a Coupe right now, it would be on E  
Sometimes I feel unpretty than TLC  
Raise your hands motherfucker if you feel like me  
Live like me and you know what's real like me  
Spit for the cats who ain't got none and humble too  
But damn, fuck I'm sick and humble too  
It ain't over, it just feel like it crumble boo  
Now since you, shit I wanna rumble tooNow if you're sick and tired, say it quick, say it proud  
If you're sick and tired, say it now, say it loud  
Finally got the crowd to poppin', ain't afraid of coppin'  
Every reppin' St. Louis and ain't stoppin'  
I'm sick and tired of this lame brain shit  
Kwon gettin' money, nah Kwon gettin' fits  
Say whatever you say, how you say it's about me  
How can this crowd be sick and tired without me?You ain't gotta like me  
I ain't gotta like you  
And I ain't gotta like you  
You ain't gotta like me  
And you ain't gotta like me  
I ain't gotta like you  
First time it's fuck me  
Then nigga it's fuck youYou ain't gotta like me

Dirty you pussy and when you pussy, J-Kwon gon' show it
