

Circle

Flyleaf

Circle encircles the earth
Chance and choice break his heart
His innocent arm moves
To save me and I am spared His beautiful arm is bloody and cut off
His heart ripped out to show me he loved me
But I wouldn't believe him
He did all that he could, I still would not believe him I left his arms empty and tied
Outstretched for me until he died
I left his arms empty and tied
Outstretched for me until he died No man shows greater love
Than when a man lays down his life for his beloved I left his arms empty and tied
Outstretched for me until he died
I left his arms empty and tied
Outstretched for me until he died And here I'm alive
And I don't have the right
He gave me the right costing him his life
New mercy's in the morning I believe, what if I believe you now?
Could it ever change this?
Forgive me, don't leave me
And please come back to life I believe, what if I believe you now?
Could it ever change this?
Forgive me, don't leave me
And please come back to life
Come back to my life I believe, what if I believe you now?
Forgive me, relieve me
Please come back life
