

# New Day

## Karnivool

How did they find me?  
How did they know?  
This misconception of fate  
I'm about to let go  
Awake in a new light, I'm  
Alone in this room  
Heavy at heart, it may be a lie  
You will not see me  
It's a new day  
(Why did they follow me home?)  
It's a new day  
One  
More  
Step, it's  
Here waiting for you, now  
Go  
Slow, take your time  
Leave  
No  
Mark  
You lost your way  
I hope you're watching me  
One  
More  
Step, it's  
Here waiting for you, now  
Go  
Slow, take your time  
Celebrating  
For the one so free  
You lost your way  
No-one held you back from me  
How do you all  
Speak  
With a lying tongue?  
How do we all  
Sleep  
With a dying sun?  
Sit down  
Lighten your own  
This storm is coming  
You should stay home  
But I feel warm  
Hey, let's get lost in the crowd, while  
Searching for something worth holding  
Hey, let's get still lost in the crowd  
I'll show you so much more  
Much more

So much more  
So much moreAre we waiting?  
For the savior?  
Someone to heal this  
Or erase usHow did they find me?  
How did they know?  
This misconception of fate  
I'm about to let goAwake in a new light, I'm  
Alone in this room  
Heavy at heart, it may be a lie  
You will not see meIt's a new day  
It's a new day  
It's a new dayAre we waiting?  
For the savior?  
I'm so sick of waiting  
I've been waiting my whole lifeThis is a new day  
This is a new day  
This is a new day
