

# Shut It Out

## The Fixx

It could happen to you, it could happen to me or anyone  
Treading the mill, coming-of-age, and it falls undone  
Here we stand, are you lost for sure?  
It could happen to you, it could happen to me or anyone  
It's all about class, have you got a ticket?  
It's all about worth, should we really buy it?  
It's about time we shut it all out  
It's about time we shut it all out  
When it happens to you, it will happen to me and everyone  
Part of the chain, we're holding hands and I'm holding on  
Dare you pick the last fruit from the tree  
If it belongs to you it belongs to me and everyone  
It's all about class, have you got a ticket?  
It's all about worth, should we really buy it?  
It's about time we shut it all out  
It's about time we shut it all out, shut it out  
It's about time  
It's about time  
It could happen to you, it could happen to me or anyone  
Treading the mill, coming-of-age, and it falls undone  
Here we stand, are you lost for sure?  
It could happen to you, it could happen to me or anyone  
It's all about class, have you got a ticket?  
It's all about worth, should we really buy it?  
It's about time we shut it all out  
It's about time we shut it all out, shut it all [Incomprehensible]  
Worth, should we ever try it  
Class, can you really buy it  
Worth, should we ever try it [Incomprehensible]  
Class, can you really buy it [Incomprehensible]  
Shut it all, class, shut it all, class  
Can you really buy it, can you really take it  
Class, can you really buy it  
Shut it all
