

# Songburst & Delirium

## I Mother Earth

Wide awake in the candlelight/ Stoned straight, crashing/ Ocean wave patterns and sunset/ In their prime/  
Shoulder demons tell me/ How  
to lie when it matters/ And you better hope/ That you see it comingPainted grey and blurry/ I am waiting for the  
sock to drop/ Yes I can fake it, hide, run away/ When there's nothing left to know...nothingLonely like a living  
room/ Hallway noises and interviews/ Squeeze the globe in between/ Your legs and hope God knows/ When to  
show  
his face when it matters/ And you better hope/ That you're feeling somethingPained by the worry/ I am stained  
by the learning/ Of what I can't feel, see, think, undo/ I'm going to Mexico where there's / Nothing but  
the sun...nothing
