

Goyard Bag (feat. Lil Uzi Vert)

Fabulous

[Intro]

Yeah, oh

Yeah, yeah[Hook: Lil Uzi Vert]

Copped the drop top Hummer for the summer yeah

Goyard bag with a hundred yeah

And I know why you mad cause I'm stuntin' yeah

Say I know I know why you mad cause I'm stuntin' yeah

Wakin' up on the hills right on Runyon yeah

Smokin' on that gas, smell like FUNYUN yeah

Like call my private chef hold my stomach in

Yeah I like 'em fried, she like 'em sunny eggs

[Verse 1: Lil Uzi Vert]

Oh, those some runny eggs

I might flex around the world and then I start again

I might flex around your girl and then I fuck again

And the funny thing is you gon' cuff again

Yeah I advise you

Stop all the hatin' and you'll make it too

Like I done had a situation but I made it through

I paid 1000 for these shoes, for my Yeezy cuffs too[Hook: Fabolous]

Got the drop top runnin' for the summer yeah, ay

Goyard bags full of hundreds yeah

And I know why you mad cause I'm stuntin' yeah

Say I know I know why you mad cause I'm stuntin' yeah

Wakin' up on the hills right by Runyon yeah

Smokin' on that gas, smell like FUNYUN yeah

Like I'm a private chef, cook for money yeah

Hey white and yellow gold just like sunny eggs[Verse 2: Fabolous]

Look I just think shorty like my go hard swag

Turn my brown bags to a Goyard bag

My son told me keep makin' these old farts mad

He said you drive this foreign like a go-kart dad

Spittin' like they got it, they on that mission

Lookin' different when you see 'em rappers catfishin'

Either Barney's, Neiman Marcus, so we Saks Fifthin'

Always makin' movies but we never act different, no

Never changed up I just leveled up

And I watch the gold diggers pick they shovels up

Watchin' thirsty niggas try to pick my beverage up

Never spoke on 'em, I won't bring the devil up, no
Sometimes sayin' nothin' sayin' somethin'
When your money talks now you're sayin' somethin'
Ay if you ain't get a message that's a message
Look y'all know who the freshest of the freshest[Hook: Fabolous]
Got the drop top runnin' for the summer yeah
Goyard bags full of hundreds yeah
And I know why you mad cause I'm stuntin' yeah
Say I know I know why you mad cause I'm stuntin' yeah
Wakin' up on the hills right by Runyon yeah
Smokin' on that gas, smell like FUNYUN yeah
Like I'm a private chef, cook for money yeah
Hey white and yellow gold just like sunny eggs[Bridge: Lil Uzi Vert]
I've been talkin' to my idol
I've been talkin' to my idol
Nowadays I feel like I'm my own idol
Scratch her off the list like a vinyl
Real girl, I don't really like her
I just really wanna just spike her
Yeah, yeah, you know I night ya
Hope ya wasn't thinkin' I'ma wife ya[Verse 3: Fabolous + Lil Uzi Vert]
Got the drop top runnin' and I got guap comin'
Now we eatin' garlic noodles and they not Top Ramen
I'm not just laid up with a baddie, got some slop top from her
Studio all winter just to drop hot summers, yeah
I be in my bag with no travel
Let you be the judge, get the gavel
I think if I want you I can have you
Every time I pull up on the avenue[Hook: Lil Uzi Vert]
Copped the drop top Hummer for the summer yeah
Goyard bag with a hundred yeah
And I know why you mad cause I'm stuntin' yeah
Say I know I know why you mad cause I'm stuntin' yeah
Wakin' up on the hills right on Runyon yeah
Smokin' on that gas, smell like FUNYUN yeah
Like call my private chef hold my stomach in
Yeah I like 'em fried, like 'em sunny eggs[Outro]

Fab - So I'm in my bag? I'm back in my bag now or what? Girl - Nah you in your Goyard bag now Fab - Told ya I was gonna get back to it, know what I'm sayin'? I just wanted to let you know like I appreciate you like havin' faith in me like and giving me that talk cause I was going to do it for a minute and you know I mean I just needed somebody to let me know it's time to level up. Like stop playing out here Girl - It's all good real ones might fall back but they don't fall off
