

# Sunshine Highway

## Dropkick Murphys

Yeah, me and my girl we're acting up again all right  
She ain't much of a looker, she can handle her Paraldehyde  
You were up all night at the Captain's Table drinking Tanqueray gin by the old piano  
Playing cards and smoking cigars 'til the sun came up  
Or was it going down for the night?CHORUS:  
Take another ride on the sunshine highway  
Take another ride try to turn it around  
Take another ride down the sunshine highway  
Take another ride try to turn it around tonightDrop me off, sign me in, clean me up and let me out  
Man that nurse is a bitch, this sucks, she says my jug ain't allowed  
I've had my share of Mt. Pleasant messiahs wearing slippers & robes, trying to bum my smokes  
I'm gonna Thorazine shuffle straight out that door  
Head to the farm and find me a cureCHORUSTonight, yeah yeah yeah  
I'm gonna make it rightCHORUSCause I'm gonna be the one  
To take another ride, take another rideI'm gonna be the one  
To take another ride, take another rideYeah I'm gonna be the one  
To take another ride, take another rideTake another ride down the sunshine highway  
Take another ride try to turn it around tonight
