Something Goes Right

SBTRKT

Yeah, something goes right,
Yeah, something goes right,
Yeah something goes right
And you're hoping that it goes right, that it goes right, that it goes rightYou wouldn't even know, you wouldn't even care,
You wouldn't even know, you wouldn't even care
I've been there though, I've been there though, I've been there though-oh.Standing in a dream world, sitting next to you, up in the clouds, up up in the clouds, up up in the clouds
Sitting on the edge, looking down at the earth
Looking up into space, up up into space, up up into spaceIs it better to let you go?
Or is it better to let you know?
You should t-t-t-take it, you should t-t-t-take it backIs it better to let you go?
Or is it better to let you know?
You should t-t-t-take it, you should t-t-t-take it backI've only got myself self self to blame
Love something thinking things will never change
These feelings probably will still still remain, I was always hurtAnd I've been feeling like this most most of my life whoa
I've been feeling like things ain't gonna change
Things ain't gonna get it back?Is it better to let you go?
Or is it better to let you know?
You should t-t-t-take it, you should t-t-t-take it backIs it better to let you go?
Or is it better to let you know?
You should t-t-t-take it, you should t-t-t-take it backI keep on having these conversations & p-p-p-praying
I keep on staring at these constellations & p-p-p-praying
And these bitter thoughts that keep on escaping
I wish that they were staying and something would go right and something will go right, go rightDon't you bring me down.
Don't you bring me down.
Don't you bring me down.Don't you bring me down.
Don't you bring me down.
Don't you bring me down.Is it better to let you go?
Or is it better to let you know?
You should t-t-t-take it, you should t-t-t-take it backIs it better to let you go?
Or is it better to let you know?
You should t-t-t-take it, you should t-t-t-take it backYeah, something goes right,
Yeah something goes right
And you're hoping that it goes right, that it goes right, that it goes right ohYou wouldn't even know, you wouldn't even care,
You wouldn't even know, you wouldn't even care

I've been there though, I've been there though, I've been there though-oh.Standing in a dream world, sitting next to you, up in the clouds, up up in the clouds, up up in the clouds
Sitting on the edge, looking down at the earth
Up into space, up up into space, up up into space
