

# This Is How It Goes

## Goldfish

(This is how it goes)  
I'm sitting here on my own  
Haven't seen you in a long, long time  
This waiting's getting old  
As I sit here I sing to myself  
A little tune that helps (sometimes)  
To pass the time  
And this is how it goes  
This is how it goes  
This is how it goes

Ooh waa ooh waa ooh hoo hoo  
Ooh waa ooh waa ooh  
Ooh waa ooh waa ooh hoo hoo

Still sitting here on my own  
Music's running through my head  
Changes all the time  
Just remember sing between the lines  
That little tune that helps the quiet moments  
To pass the time  
And this is how it goes  
This is how it goes  
Ooh waa ooh waa ooh hoo hoo  
Ooh waa ooh waa ooh  
Ooh waa ooh waa ooh hoo hoo

(This is how it goes)
