

Beat the Bright Out of Me

Kishi Bashi

Oh River!
Beat the bright out of me
I've discovered the silhouette of the face of me
everybody wants a taste of the light
but me! Mr. Crowley
I've found a sister for me
in the jungle in the trunk of a mango tree
kissed a finger just to savor the bite you've suffered the best for last
Furious and Too Fast
you've suffered the best for last
