Black Candle Mass

Jungle Rot

Going to die, A black death
Come to see, The candle mass
Torture here around the flames
A real vision of your dreamsWhisper an evil chant
Spirit searches after death
Bleeding eyes watching you
Watching you as you sleepCircle of light
A vision from the past
The glory, You seek
Is hidden in the mass
Black candle massA circle of light
The deadly sacrifice
A circle of fire
In the moon fucking lightA circle of death
Engulfed by flames
A circle of death
Your dying, In your dreamsBlack candle mass
