

# Solidarity

## Five Iron Frenzy

To the brothers and the sisters,  
to all of the resisters,  
to the workers broke and cryin',  
we will all climb, all of God's children,  
Unity the verb, solidarity.  
The mountain, the mountain,  
on the road that leads to Zion:  
in God's own time. Chorus:  
You the truth have heard, solidarity.  
Rise up to the call, solidarity.  
let truth be sown, let us lay our own lives down,  
United we can never fall.  
Let one voice ring throughout the world,  
make war to keep your faith in him,  
a greater love was never known.  
While the light is growing dim, unity, not uniformity.  
knowing what has made us free,  
one shepherd for us all One world, one voice, in trenches we stand tall,  
one truth has found us,
