

# Going Public (Going Public Album Version)

## Newsboys

She's been dazed  
And induced  
Wants a part time God for her private use  
But she won't take a stand  
Cause she might get tagged as a closet Jesus fan [Chorus:] Sign on  
The time is drawing near  
This is surely a banner year  
To be a public witness  
Sign on  
The lines are drawn and clear  
There's no straddling fences here  
We going public with this He's displaced  
And unglued  
Scared that faith in God could be misconstrued  
But the cross  
Makes him wish  
That his spine was more than a school of jellyfish
