Inside Us All

Creed

When I'm all alone
And no one else is there
Waiting by the phone
To remind me
I'm still here

When shadows paint the scenes

Where spotlights used to fall

And I'm left wondering

Is it really worth it all? There's a peace inside us all

Let it be your friend

It will help you carry on, in the end

There's a peace inside us allLife can hold you down

When you're not looking up

Can't you hear the sounds?

Hearts beating out loud

Although the names change

Inside we're all the same

Why can't we tear down these walls?

To show the scars we're covering There's a peace inside us all

Let it be your friend

It will help you carry on, in the end

There's a peace inside us all There's a peace

Oh there's a peace inside us all

Let it be

Oh, I said let it be, let it be your friend

There's a peace inside us all

Let it be your friend

It will help you carry on, in the end

There's a peace inside us all There's a peace, inside us all, inside us all

Let it be, let it be, let it be

Let it be, let it be, let it be

Let it be, let it be your friend
