

# Sunset

[Nitin Sawhney](#)

[Foreign content]If I were never to leave you  
If I were always alone  
If I would never to see you  
If I could set the sun  
If I could set the sunKeep movin', keep changin'  
Keep flowin' in the sun  
Lovers rise, oceans rise  
People rise in the sunIf I were never to leave you  
If I were always alone  
If I would never to see you  
If I could set the sun  
If, if I could set the sunTears falling, light falling  
Leaves are falling with the sun  
Lives drifting, seas drifting  
Worlds drifting with the sun[Foreign content]If I were never to leave you  
If I were always alone  
If I were never to receive you  
If I could set with the sunsetIf I, never to leave here  
If I, always alone  
If I(If I)  
Oceans rise, vapors rise  
(If I)  
People rise with the sun  
(If I)  
Oceans rise, vapors rise  
People rise with the sun[Foreign content]
